**How We Will Calculate Your Balance:** We use a method called "average daily balances (including new purchases)." See your Cardholder Agreement for more details.

**Billing Rights:** Information on your rights to dispute transactions and how to exercise those rights is provided in your Cardholder Agreement.

**Annual Percentage Rates:** Daily Periodic Rate for Purchases .04780% to .07589%; Daily Periodic Rate for Cash Advances .06150% to .08958%.

**Variable Rate Information:** Purchase Margin 14.20 to 24.45 percentage points; Cash Advance Margin 19.20 to 29.45 percentage points. Your APR for Purchases and Cash Advances may vary. Your APR is determined monthly by adding the appropriate margin to the Prime Rate\*. If the Prime Rate\* increases, your APR will increase accordingly, with no cap. An increase in your APR will result in an increase of your minimum payment amount.

\*"Prime Rate" means the prime rate of interest published on the last business day of each month in *The Wall Street Journal* (or a comparable rate if *The Wall Street Journal* ceases publication).

**Minimum Payment:** All past-due amounts, plus the greater of the following amounts: (i) 1% of your New Balance plus billed Late Fees, Cash Advance Transaction Fees, Over Limit Fees, Returned Payment Fees, Interest Charges, any Annual Fee billed monthly, and any Additional Card Fee billed monthly during the Billing Cycle for which the Minimum Payment is calculated, as shown on that periodic statement, rounded to the next-higher dollar; or (ii) \$40. If the New Balance is less than \$40, the Minimum Payment will be the total amount owed.
